A cocktail-hour moment that *elevates* your venue.

Sip & Steers brings halter-trained Highland cattle and mini donkeys to your venue to serve beverages to guests during cocktail hour — rustic elegance, fully insured, and run by professional handlers. A signature experience your couples — and their photographers — won't forget.

HOW IT WORKS AT YOUR VENUE

- Professional handlers manage setup, the hour, and breakdown
- Fully insured · TIPS-certified team
- A 1-hour signature moment, timed to your timeline
- Works alongside your bar — you or the client provides beverages

Venue needs: *level ground, a shaded staging area, and vehicle access for load-in. We coordinate directly with your team and carry our own liability coverage — COI on request.*
